ABOUT ME

I am an enthusiastic and dedicated learner exploring the world of **Web Development** and **AI/ML**. Currently focusing on mastering **Frontend and Full-Stack development** with technologies like **JavaScript, React.js, Next.js, Node.js, and MongoDB**, I enjoy building interactive and responsive projects that help me strengthen my practical skills. I am also exploring modern tools such as **Tailwind CSS, Framer Motion, and GSAP** to create engaging user experiences. Alongside web technologies, I have a growing interest in **Artificial Intelligence and Machine Learning**, aiming to integrate intelligent features into future projects. With a curious mindset and a passion for continuous learning, I am steadily building the foundation to become a skilled developer.
